## PRICELESS AIRCRAFT TUGS...

For Private Aircraft, Corporate Aircraft,  
Maintenance Shops & FBO facilities

The latest technology for the movement of aircraft. Priceless Aviation Products make it easy for one person to maneuver aircraft quickly and safely in tightly stacked hangars or staging on the ramp. Our tugs range from a small electric unit that can tow up to 4,500 lbs to the 757 series that will tow up to 35,000 lbs. MGTOw. The list above is a quick reference to the models and their basic specifications. All units have mechanical and electrical tug component warranties. The new Battery Bank system on the 757CFBO can be used for jump starting an airplane or helicopter.

## LazySusan... for Maneuverability and Ease of Handling

LazySusan® is our original towing mechanism and is the perfect way to move aircraft without damage to nose gear. The LazySusan® turntable gives our tug maneuverability and ease of handling. Reverse an aircraft in its own wingspan or maneuver an aircraft in a tightly packed hangar or ramp area with ease and without over extending the nose gear. LazySusan® is available on models 707, 709, and as an option on models 727, 737P, 747C, 757, 757CFBO-NJ, 757CFBO.

\* Tug performance data based on level, smooth, paved surfaces.

These versatile tugs eliminate the need for a specialized tow bar.

### Ground Power Units

Red Box jump start and  
continuous power systems

Warranty Mechanical: 12 months or 500 hours of use  
Warranty Electrical: 6 months or 250 hours of use

# Mover Types

## Ball Hitch

Designed for moving various trailers for utility purposes. Available on the model 701E, 701EL and 701D.

## Axle Attachment

### For aircraft with or without wheel pants

The Axle Attachment is used on the the model 701 tug. It's use is for lightweight aircraft and is steered moving handles left to right and pivoting on the drive wheel while connected to the aircraft and shifting positions. Optional adapters available for many aircraft.

## LazySusan®

LazySusan® is our original towing mechanism and is the perfect way to move aircraft without damage to nose gear. The LazySusan® turntable gives our tug maneuverability and ease of handling. Reverse an aircraft in its own wingspan or maneuver an aircraft in a tightly packed hangar or ramp area with ease and without over extending the nose gear. LazySusan® is available on models 707, 709, 709H and as an option on models 737P, 747C, 757, 757CFBO, 757CFBO-NJ.

## Pan Style Lift

The Pan Style Lift is used for aircraft with wheel chins, wheel pants or dual nose wheels and is available on models: 727, 737P, 747C, 757, 757CFBO-NJ, 757CFBO. The LazySusan can be added as an option to the Pan Style Lift.

## Clamp & Lift™

The Clamp & Lift is used for single wheel aircraft with no wheel chins. It can be used with wheel pants and is available on models: 717 and 737C.

## Cirrus Attachment

The optional Cirrus Attachment is designed specifically for moving the Cirrus aircraft and can be attached to models: 717, 737P, 747C, 757, 757CFBO-NJ, 757CFBO

## Lightweight Aircraft

**Articulating  
Swivel Attachment**

**Turn without  
lifting tug!**

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

### Ground Power Units

Red Box jump start and  
continuous power systems

**Warranty Mechanical:** 12 months or 500 hours of use  
**Warranty Electrical:** 6 months or 250 hours of use

# 701E & 701EL

## Electric Power

### Move aircraft up to 4,500 lbs.\* MGTOW

Easily move small aircraft quickly and safely in tight areas. Turn without lifting tug. The model **701E** is collapsible for compact stowing. Optional ball hitch attachment for movement of small trailers & campers. The model **701EL** is equipped with an extra-heavy-duty battery for longer life.

### Standard Features:

- 400W effective power
- 24V DC Electric motor
- **701E** battery life approx. 1 hr (fully charged)  
2 - 12V sealed lead acid batteries
- **701EL** battery life approx. 1 1/2 hour (fully charged)  
2 - 12V sealed dry-cell batteries
- Easily control steering with articulating swivel attachment
- Rocker switch for forward/reverse
- Adjustable speed
- Virtually silent when moving
- Environmentally friendly - no exhaust
- Easily replace batteries
- Collapsible design
- Universal adaptor for quick tool-free attachment to a wide range of aircraft
- Swivel attachment

### Options:

- Ball hitch attachment for easy movement of campers, boats & trailers.
- Snow chains
- Headlight

\* Tug performance data based on level, smooth, paved surfaces.

These versatile tugs eliminate the need for a specialized tow bar.

## Utility Tug

### Electric Power

Easily move equipment quickly and safely in tight areas. The model 701D is collapsible for compact stowing.

#### Standard Features:

- Operator switch for forward/reverse
- Adjustable speed
- Virtually silent when moving
- Environmentally friendly, no exhaust
- Easily remove 24v lead-gel battery
- Collapsible design
- Electric charging station 110-240v
- Mechanical warranty: 12 months or 500 hours of use
- Electrical warranty: 6 months or 250 hours of use
- Optional adaptors for carts, etc.

#### Options:

- Custom designed adapters available
- Ball hitch attachment for easy movement of bedding carts
- Headlight
- Additional 24v battery

Charging Station &  
Optional Battery

Optional Ball Hitch

Optional Headlight

\* Tug performance data based on level, smooth, paved surfaces.

These versatile tugs eliminate the need for a specialized tow bar.

### Ground Power Units

Red Box jump start and  
continuous power systems

Warranty Mechanical: 12 months or 500 hours of use  
Warranty Electrical: 6 months or 250 hours of use

**Move aircraft up to 9,500 lbs.\* MGTOW, including single nose wheel aircraft with chines.**

### **For aircraft without wheel pants.**

Designed and built to save time and money for FBOs, Maintenance Shops, Corporate aviation or anyone needing to move aircraft. The 707 Tug makes it easy for one person to maneuver aircraft quickly and safely in tightly stacked hangars or staging on the ramp.

### **Standard Features:**

- 340cc Honda OHV Engine - EPA approved
- Gasoline (87-100LL)
- Electric start
- Electric winch
- Heavy-Duty transmission
- Disc brake
- High-traction pneumatic drive tires
- Lazy Susan
- Battery tender
- Quick-Lock strap to secure nosewheel
- Headlight

### **Options:**

- Snow chains
- Fire extinguisher
- Red Box
- Jump-Start

340cc Honda Engine

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

**Move aircraft up to 9,500 lbs. \*MGTO, including single & dual wheel aircraft with chines. For aircraft without wheel pants.**

Designed and built to save time and money for FBOs, Maintenance Shops, Corporate aviation or anyone needing to move aircraft. The 709 LazySusan Tug makes it easy for one person to maneuver aircraft quickly and safely in tightly stacked hangars or staging on the ramp.

### Standard Features:

- 340cc Honda OHV Engine - EPA approved
- Gasoline (87-100LL)
- Electric start
- Electric winch
- Heavy-duty transmission
- Disc brake
- Heavy-duty frame
- LazySusan turntable
- Quick-Lock strap to secure nose wheel
- High-traction pneumatic drive tires
- Battery tender
- Headlight

### Options:

- Fire extinguisher
- Snow chains
- Red Box Jump-Start

Single or dual nose wheel

340cc Honda Engine

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

**Warranty Electrical:** 6 months or 250 hours of use

## Low Profile Helicopters

**Move helicopters up to 9,500 lbs.  
\*MGTOW, including single & dual wheel  
aircraft with chins. For aircraft without  
wheel pants.**

Designed and built to save time and money for FBOs, Maintenance Shops, Corporate aviation or anyone needing to move aircraft. The 709H LazySusan Tug was designed specifically for low profile helicopters and other aircraft to make it easy for one person to maneuver aircraft quickly and safely in tightly stacked hangars or staging on the ramp.

### Standard Features:

- 340cc Honda OHV Engine - EPA approved
- Gasoline (87-100LL)
- Electric start
- Electric winch
- Heavy-duty transmission
- Disc brake
- Heavy-duty frame
- LazySusan turntable
- Quick-Lock strap to secure nose wheel
- Low-profile pneumatic drive tires
- Battery tender
- Headlight

### Options:

- Fire extinguisher
- Snow chains
- Red Box Jump-Start

Single or dual nose wheel

340cc Honda Engine

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

## Move aircraft up to 15,500 lbs. \*MGTO

Designed and built to save time and money for FBOs, Maintenance Shops, Corporate aviation or anyone needing to move aircraft.

The 717 **Clamp & Lift™** Tug makes it easy for one person to maneuver aircraft quickly and safely in tightly stacked hangars or staging on the ramp.

## Standard Features:

- 340cc Honda OHV Engine - EPA approved
- Gasoline (87-100LL)
- Electric key start
- Heavy-Duty hydrostatic transmission
- Electro-Hydraulic nose wheel Clamp&Lift™ system
- Quick-Lock strap to secure nosewheel
- High-traction pneumatic drive tires
- Diamond deck riding platform
- Battery tender

## Options:

- Forward/reverse alarm
- Cirrus attachment
- 2nd Headlight
- Amber strobe light
- Fire extinguisher
- Pintle hitch (helicopter dolly mover)
- Red Box Jump-Start

Optional  
Cirrus Attachment

340cc Honda Engine

**CLAMP & LIFT™**

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

## Ground Power Units

Red Box jump start and continuous power systems

- Electric key start
- Heavy-Duty hydrostatic transmission
- Electro-hydraulic nose wheel pan
- Electric winch with 5,000 lb capacity & quick-lock strap to secure nosewheel
- High-traction pneumatic drive tires
- Diamond deck riding platform
- Battery tender

**Pan Style Lift**

Optional

**Options:**

- Forward/reverse alarm
- Amber strobe light
- Fire extinguisher
- Cirrus attachment
- Pintle hitch (helicopter dolly mover)
- 2nd headlight
- Red Box Jump-Start
- LazySusan (single nose wheel)

340cc Honda Engine

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

### Move aircraft up to 15,500 lbs. \*MGTOW

Designed and built to save time and money for FBOs, Maintenance Shops, Corporate aviation or anyone needing to move aircraft.

The 737 **Clamp&Lift™** Tug makes it easy for one person to maneuver aircraft quickly and safely in tightly stacked hangars or staging on the ramp.

### Standard Features:

- Designed specifically for the Pilatus PC12 / Socata TBM
- 340cc Honda OHV Engine - EPA approved
- Gasoline (87-100LL)
- Electric key start
- Heavy-Duty hydrostatic transmission
- Electro-Hydraulic nose wheel **Clamp&Lift™** system
- Quick-Lock strap to secure nosewheel
- High-traction pneumatic drive & steer tires
- Diamond deck riding platform
- Battery tender

### 737C - Clamp&Lift

### 737P - Pan Style

### Options:

- Forward/reverse alarm
- Amber strobe light
- Fire extinguisher
- Pintle hitch (helicopter dolly mover)
- Cirrus attachment
- 2nd headlight
- Red Box Jump-Start
- LazySusan for single nosewheel on model 737P only.

340cc Honda Engine

\* Tug performance data based on level, smooth, paved surfaces.

These versatile tugs eliminate the need for a specialized tow bar.

## Designed as the Complete Solution for General Aviation Hydraulic Wheel Motor Drive

**Now With...**  
**POWER STEERING**

**High speed tug (8 mph)  
will move aircraft  
weighing up to 25,000 lbs. MGTOW\***

**Pan Style Lift**

Controls

23 HP Vanguard Engine

### Standard Features:

- Power Steering
- Hydraulic nose wheel pan
- Electric winch & quick-Lock strap
- High-traction pneumatic drive tires
- Heavy-duty alternator keeps battery charged
- No-Skid riding platform surface
- Electric key start
- 23HP Vanguard Engine, EPA approved
- Gasoline (87-100LL)
- Parking brake: 2-wheel, disk brakes

### Options:

- Forward/reverse alarm
- Amber strobe light
- Pintle hitch
- 2nd Headlight
- Fire extinguisher
- Cirrus attachment
- Red Box Jump Start
- LazySusan for single or dual nose wheels

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

### Will move aircraft weighing up to 35,000 lbs \*MGTOW

Gas powered aircraft mover designed to move corporate jets, helicopters and transports for thousands of dollars less than the nearest competitor! The 757 Tug makes it easy for one person to maneuver aircraft quickly and safely in tightly stacked hangars or staging on the ramp.

#### Standard Features:

- 725cc Honda Engine - EPA approved
- Gasoline (87-100LL)
- Electric key start
- Heavy-Duty hydrostatic transmission
- Electro-Hydraulic nose wheel pan
- Electric winch & quick-lock strap to secure nose wheel
- Super-duty solid traction-type tires
- Diamond deck riding platform
- Battery tender

#### Pan Style Lift

#### Options:

- 2nd Headlight
- Amber strobe light
- Fire extinguisher
- Cirrus attachment
- Dual drive wheels
- Forward/reverse alarm
- Red Box Jump-Start
- Pintle hitch (helicopter dolly mover)
- LazySusan (single or dual nose wheel)

\* Tug performance data based on level, smooth, paved surfaces.

These versatile tugs eliminate the need for a specialized tow bar.

#### Ground Power Units

Red Box jump start and continuous power systems

Warranty Mechanical: 12 months or 500 hours of use  
Warranty Electrical: 6 months or 250 hours of use

**Now With...**  
**POWER STEERING**

**Will move aircraft weighing up to 35,000 lbs \*MGTOW**

### Standard Features:

- Hydraulic nose wheel pan
- Electric winch & quick-Lock strap
- Limit switch for winch
- Super-duty solid traction tires
- Heavy-duty alternator keeps battery charged
- No-Skid riding platform surface
- Electric key start
- 35HP Vanguard Engine, EPA approved
- Gasoline (87-100LL)
- Parking brake: 2-wheel, disk brakes
- Power Steering

### Options:

- Forward/reverse alarm
- Amber strobe light
- Pintle hitch
- 2nd Headlight
- Dual drive wheels
- Fire extinguisher
- Cirrus attachment
- Red Box Jump Start
- LazySusan  
(single or dual nose wheel)

**These versatile tugs eliminate the need for a specialized tow bar.**

## Business Class & General Aviation A/C

Pintle hitch  
optional

**Pan Style Lift**

Jump Start Battery Bank

Electric Winch

Dual Drive Wheels optional

35 HP Vanguard Engine

### Options:

- Pintle hitch
- 2nd Headlight
- Fire extinguisher
- Dual drive wheels
- Cirrus attachment
- Amber strobe light
- Forward/reverse alarm
- LazySusan (single or dual nose wheel)

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

### Ground Power Units

Red Box jump start and  
continuous power systems

**Warranty Mechanical:** 12 months or 500 hours of use  
**Warranty Electrical:** 6 months or 250 hours of use

## Hydraulic Wheel Motor Drive High speed (8 mph)

Will move aircraft weighing  
up to 35,000 lbs\*

### Jump Start System

Will start any piston or electrically  
started turbine engine.

**NOTE:** Jump Start System  
is not designed to be  
operated as a GPU.

**Now With...**  
**POWER STEERING**

### Standard Features:

- Power steering
- Jump-start
- Electric key start
- Gasoline (87-100LL)
- 35HP Vanguard Engine, EPA approved
- Hydraulic nose wheel pan
- Electric winch with limit switch & quick-Lock strap
- Super-duty solid traction tires
- Dual heavy-duty alternators keep Battery-Bank charged
- Parking brake: 2-wheel, disk brakes
- No-Skid riding platform surface

\* Tug performance data based on level, smooth, paved surfaces.

**These versatile tugs eliminate the need for a specialized tow bar.**

## Aircraft Tugs

Tugs available for moving aircraft  
up to 35,000 lb MGTOW

## Warranty Red Box:

1 year against manufacturers defects

**Priceless Aviation Products make a wide range of Red Box Jump-Start units. Please specify the make and model of your aircraft when purchasing.**

The Red Box hand portable packs are the most powerful Hand Portable Packs available worldwide. Red Box uses the latest in military aerospace technology to achieve a very high power to weight ratio. These power packs are designed for starting of piston, turboprop or turbine aircraft and helicopters in the field or in remote locations. The power packs are "all weather" units and being modular, can be used in single or dual format. They can be used or stored in any orientation, even inverted. Cells used are cleared as non-hazardous cargo for carriage in the aircraft. They are able to operate in extremes of temperature and have excellent standby characteristics. They are maintenance free and do not require cycling.

They can be re-celled "on condition" at any Red Box service center in the world and are designed to give years of repeated service. In addition to aviation, these highly portable units can be used with Armored Fighting vehicles and Military equipment. They can be recharged from the automatic charging system, which is supplied in the package, or from any vehicle using a suitable interface.

The standard power pack system includes a portable power unit, a rugged multistage electronic charger with extreme weather capabilities and heavy duty cables with aviation or vehicle connectors.

## Lithium

The Red Box range of Lithium start units are the lightest in the world. These GPUs' weigh as little as 16 lbs. and have maximum outputs of up to 8000 amps. As with all Red Box ground power units the lithium range can be twinned together to create larger capacity units.

Utilizing the latest in Lithium technology these start units are extremely robust and user friendly.

It is important to choose not only the right unit for your aircraft, but also the right unit for your operation. Some customers only want a unit to start in emergencies and some will be using it multiple times a day. Although Red Box units are designed to start aircraft, some customers require a small amount of continuous power as well. Please discuss your requirements with our sales team; they have the experience to recommend the correct unit for your needs.

**Red Box units may be carried safely on board all aircraft.**

# Ground Power

## Switchable

These high powered dual 12v and 24v units are designed to offer maximum power to weight ratio. With the Red Box 'switch cable system' these switchable units can outlive similar products on the market by up to 100%. Red Box dual voltage systems comprise of 2 batteries cleverly configured to ensure that an equal amount of current is drawn from both cells, regardless of whether you are using the unit in 12v or 24v mode. Many other systems on the market will use only one battery when in 12v mode. Built to Military and Aviation standards, you can be guaranteed of the quality of this product.

Units are available in both pure lead and lithium, while lead units are more cost effective, lithium units weigh substantially less.

## TC400 Series

### Typical Aircraft:

Agusta Westland EH101; Beechcraft 1900D & Kingair 350; Bell 214A & CH-135 Twin Huey, Cessna Citation CJ24; DeHavilland DHC-8-300B; Eurocopter EC225, Fokker F-27

## RBPS and RBSC Series

The RBPS and RBSC series are compact, lightweight and highly portable power units. They are designed to give continuous high quality DC power for crew training, aircraft servicing in the workshop, on the ramp or in the field. This continuous power supply is ideal for diagnostic work, pre-flight checks or for continuous powering of equipment during operations, without draining the onboard aircraft batteries.

There is a range of built in safety features and the units are simple to use. This switchable unit will produce a steady 14.4 or 28.8 Volts up to the fully rated output current with power factor correction.

The power supplies are multi-fan cooled with built-in thermal management for operation up to 50°C ambient environments. The safety features include over current and short circuit protection. The power modules conform to EMC standards for noise emissions and immunity. Delivered as standard this unit is supplied with a 2m heavy duty lead, fitted with a 3 pin NATO connector for direct aircraft connection. Other connectors including vehicle connectors are available.

The RBSC series of continuous power units include the additional features of a battery management system and a large LED display.

### FEATURES

- Direct connection to aircraft or land vehicle
- Rugged steel case
- Fan cooled
- User switchable between 14V and 28V

### PROTECTION

- Overload
- Over Voltage
- Over Current
- Short Circuit

### SAFETY & EMC (Power Modules)

- EN60950-1: 2006
- Emission - EN55022-B

## 28v Battery Power

The TC400/28 range is designed to give silent, clean power. These 28V DC power supplies can offer both continuous power and start power for a limited time - **ALL BATTERY POWERED!**

With a built in 'flashing' light, the units will tell you when it is time to charge them. They also come with a built in voltmeter and an external charger that allows you to leave them on charge when not in use, ensuring they are always ready for operation.

## 28v HybRED Power

This Red Box unit combines a gasoline engine with a bank of batteries to offer a versatile and powerful ground power unit. The weight and size of this unit is unrivalled, making it the obvious choice of Business Jet owners and operators.

## Stand-alone Combo GPU

- 170A of continuous Power from gas engine
- Start Power from Batteries

### FEATURES

- High capacity heavy-duty engine starting
- Lightweight portable start and continuous power at remote locations
- Starts combat and military vehicles
- Lightweight continuous DC power for maintenance training and weapons testing
- Tough and compact
- Maintenance free cells
- No memory effect
- High charge retention cells
- Long shelf life
- Fast recharge
- No cycling
- Leak proof cells
- Cells replaceable on condition

# Camera & Inspection

## RBF 700 Scope Inspection

- 3.5" TFT LCD
- LED brightness/contrast adjustment
- Zoom in and mirror
- Video record and snapshot
- AV out
- B/W and color modes
- Measurement mode
- 4 x AA batteries for 3 hours operation

## Scope Kits

### 4.9mm

Switchable front and side camera probe

### 6.0mm

Hyperion Advanced 2 way Articulation probe

Speak to a member of the Priceless sales team to customize a kit to your specification.

### Standard Kit Includes

- Carry Case
- RBF700 Monitor
- Memory Card
- Batteries
- 2m Length

Bench Stand

Pipe Inspection Kit

RBF700 with the 6.0 mm scope

### Options

- Bench Stand
- Pipe Inspection Kit: 22m

## Aircraft Tugs

Tugs available for moving aircraft up to 35,000 lb MGTOW

### Warranty Camera:

1 year against manufacturers defects

### Warranty Tools:

Lifetime against manufacturers defects

# Tools & Tool Control

## Tool Cabinets and Individual Tools

Tool control has become a large part in the safety of aircraft maintenance, the need to have an organized tool kit where easily identifying 'missing' tools is important. Priceless recognized this and now offer a range of hand portable tool kits. The tool kits consist of the highest quality tools, two-tone foam and a tough, rugged, carry case. The two-tone foam layers are Skydrol resistant and laser cut for each individual tool. The top color is grey and the cut out is red making it easy to notice any missing tools.

We know you love your tools and we love them too, that is why we use the best quality BACHO tools. BACHO tools carry the ERGO trade mark, so you can be sure that every single tool is built with you in mind. They are designed to ensure the minimum stress on the human body, while performing the required task exceptionally well.

Speak to a member of the Priceless sales team to customize a kit to your specification.

Kit	Number	Name	Tools
<b>Flight Aid General Aviation - Nylon tool bag - Basic Maintenance kits</b>			
	Flight Aid - MET	BAHCO Metric tools and 2 foam trays	45
	Flight Aid - IMP	BAHCO Imperial tools and 2 foam trays	45
<b>Hand Carry Kits - Synthetic resin case - Designed with the mobile MRO in mind</b>			
	RBI9500T	BAHCO Mechanics tool set with 4 layers & synthetic resin case	159
<b>Cart Cases - Synthetic resin case - Most comprehensive group of tool kits</b>			
	RBI8000T	Helibox - BAHCO Imperial & Metric tools & 6 foam trays	240
	RBI8100T	Boeing Kit - BAHCO Imperial & Metric tools & 6 foam trays	189
	RBI9400T	Mechanics - BAHCO Imperial tools & 4 foam trays	159
	RBI9600T	Avionics - BAHCO Tools & 4 foam trays	84
	RBA3	Mechanic - BAHCO Imperial & Metric tools & 6 foam trays	194
	Sheet Metal	Sheet Metal tools - BAHCO tools & 6 foam trays	64
<b>Metal Step Case - Metal drawers, rugged and easy to access</b>			
	RBI9000TM	Mechanics BAHCO Imperial tools & 4 foam trays and lid clips	129
	RBI9100TM	Mechanics BAHCO Imperial tools & 4 foam trays and lid clips	148
	RBI9700TM	Mechanics BAHCO Imperial tools & 4 foam trays and lid clips	148
	RBI9900TM	Mechanics BAHCO Metric tools & 4 foam trays and lid clips	193
	RBA2	Mechanics hand carry BAHCO Metric tools & 4 foam trays and lid clips	164
<b>Workshop Cabinets - Comprehensive and complete</b>			
	RBI9200C	Tool Cabinet with BAHCO Imperial Tools	243
	RBA4	Tool Cabinet with BAHCO Metric Tools	114
	RBA5	Tool Cabinet with BAHCO Metric Tools	164
	RBA6	Tool Cabinet with BAHCO Metric Tools	287
<b>Avionic Test Kits - Specific test and measurement equipment</b>			
	RB9300	Measurement Supply Kit with 4 foam trays & polypropylene case	68
	RBI9600	BAHCO Avionics Tool Kit with 4 foam trays and synthetic resin case	86

# ***Tugs in use at AirVenture Oshkosh***

## **The West Ramp Rats**

The versatile Priceless Aviation tugs in action moving aircraft of all sizes. The tugs are piloted by The West Ramp Rats, a group of dedicated volunteers that offer their services year after year at the annual AirVenture Oshkosh show in Oshkosh, Wisconsin. They move aircraft throughout the display grounds. This is a great showcase of our tugs and the crew offers invaluable feedback for future products.

## Priceless Aviation Products and Red Box International

**Priceless Aviation Products**, based in Lawrenceville, Georgia USA, and Red Box International are working together in a manufacturing/distribution partnership. Red Box International is a leading designer/manufacturer of aircraft power supply products in the United Kingdom. This partnership strengthens the products offered by both companies. Adding the popular line of Red Box Ground Power Units to Priceless Aviation Products Aircraft Tugs offers our customers the best of both companies.

Priceless Aviation Products is also marketed through the Red Box International network in the U.K. and E.C. and has been in place since the early 1990's. Together since 2010, we are able to reach a larger segment of the industry in a much more efficient manner. Joint participation will allow both companies to present more products at more expositions around the world.

Priceless Aviation Products was utilized at the Historic Wright Brothers First Flight Centennial® Celebration in 2003, the EAA Air Show in Oshkosh, Wisconsin, AOPA and Sun 'n Fun to assist in the movement of aircraft.
